### 3rd BIODYNAMIC AGRI-CULTURAL TRAINING COURSE

**Istafil Biyodinamik Organik Tarım Çiftliği Catalca-Ihsaniye  
Köyü/Istanbul**

From Friday, March 27th - 7pm  
To Sunday, March 29th - 1pm

**FREE INTERNATIONAL WANDERING SCHOOL - FIWS  
For Biodynamic Agri-Culture**

#### INVITATION

This deepening workshop is aimed for people from the Biodynamic Movement in Turkey and other countries. Our target group are people who practically run farms themselves or work there, but especially also for people who are active in advising and accompanying biodynamic and DEMETER farms. But also for people who work in controlling institutes and therefore also inspect DEMETER farms.

It will be hold in English language and translated in Turkish.

The main topic will be the work on the 3rd lecture of Rudolf Steiner's Agricultural Course. The aim of this work is to promote and develop the spiritual foundations for understanding biodynamic agriculture as a whole.

#### **The topics are as follows:**

- # Introduction in BD farming and lecture 1 & 2
- # Studying the 3rd lecture of Agricultural Course
- # Observation exercises in nature with substances
- # Working on practical applications and approaches of lecture 3 in biodynamic farming
- # Sharing experiences, questions, developments and tasks in Biodynamic Farming in Turkey
- # Taking out the BD preps
- # Making BD501 and BD502

These deepening courses build on each other, but it should not be a condition that you have been there from the beginning in order to be able to participate. There is always the possibility to get fully involved in the ongoing learning and experience process.

Best Regards,

Arzu Duran
